

General Telegraphic News

TRICED BOER COLONY FOR CANADA.

To Fight the Tammany Tiger.

Internal Election in Russia.

Kitchener Reports Successes.

Red Deer Drowning.

Winnipeg, April 19, '01.
Montreal, April 18.—E. F. Sandelman, a Boer soldier, called on the colonization department of the Canadian Pacific yesterday with regard to procuring an immigration ticket to South Africa. He is satisfied with that district and will take up land and 700 of his fellow Boers will follow him. He has been told that the Boers are not to be taken into consideration for Canada, but that they are to be taken into consideration for the United States, and although he fought against them he retains no ill feeling.

The "Greater New York democracy" has been organized to fight Tammany. Vienna, April 18.—The newspapers here are receiving reports according to which the situation in Russia is becoming worse. Who's to be arrested, fifteen hundred persons were arrested in Odessa on Sunday last. Revolutionaries are continuing to be disarmed in St. Petersburg, Moscow, Odessa, Kiev and elsewhere.

Lord Kitchener reports a series of British successes at Bathfong, Dullstrom and Lydenburg.

Then Parrell, a Red Deer settler, recently from Oregon, was drowned in the river.

The Crow's Nest Southern Railway bill was passed by the railway committee. The government added important amendments concerning the bill. The amendments were accepted. The committee on banking and currency threw out the trades union bill for the third time. The transportation debate was resumed by Sir Louis Davies, who stated that the supplementary estimates would cost \$400,000 additional to improve the St. Lawrence navigation. Several members spoke and the debate was then closed. Mr. Fitzpatrick has given notice of a motion to increase judges' salaries.

Bella, April 18.—A despatch from Pekin, gives the following particulars of the Waldersee incident. It says: Count Von Waldersee escaped with great difficulty through a window from the burning palace of the empress which was destroyed by fire yesterday.

Major-General Schwartzkopff, Count Von Waldersee's chief of staff, appears to have lost his life by returning to the burning building after having escaped from it. Incendiaries are suspected. The foreign office has no further details of the Pekin fire. Has no theory as to its origin and is awaiting further information on the subject.

The national league baseball season has opened.

Eight members of the Disley team have been selected.

Registrar David Springer, of Manitoulin Island, is dead.

Yesterday was a day of fasting throughout New Hampshire.

New Zealand's government will start a scheme to keep down prices.

The new passport the red hats on the new passports recently created.

The work of re-organizing the Montreal police force has commenced.

J. Liberty was drowned in Rainy River by the upsetting of a canoe.

The United States North Atlantic squadron visited Kingston, Jamaica.

Herbert Matthews left down a seventy-foot well at Hespeler, Ont.

Legasse, Louis, Morinville, Hotel, Morinville Hotel.

Dated at Regina, this 11th day of April, 1901.

HOBACE HARVEY, Deputy Attorney-General.

Cleveland Bicycles

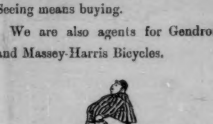

We handle the Cleveland Bicycles for two good reasons:

1st. Because we aim to give satisfaction.

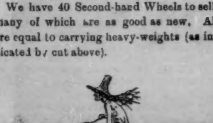

2nd. Because the past record of these Wheels is all that is required to recommend them.

Call and see our stock and examine our new HYGENICA FRAME CLEVELAND. Seeing means buying.

We are also agents for Gendron and Massey-Harris Bicycles.

We have 40 Second-hand Wheels to sell, many of which are as good as new. All are equal to carrying heavy-weights (as indicated by cut above).

In buying Second-hand Wheels there are many reasons why you should buy from us.

1st. You do not require to carry a broom to sweep streets when riding our wheels.

2nd. Unless you are an expert you cannot estimate the value of a Bicycle.

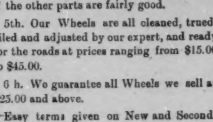

3rd. If you buy a Second-hand Wheel without expert examination, it may cost you a heap of money before you can ride it.

4th. Because we examine every Wheel we buy before purchasing, and have not or will not buy a defective Bicycle, and especially one with worn tires. Tires cost from \$8 to \$14 per set, which renders a Wheel with poor tires almost useless, even if the other parts are fairly good.

5th. Our Wheels are all cleaned, trued, oiled and adjusted by our expert, and ready for the roads at prices ranging from \$15.00 to \$45.00.

6th. We guarantee all Wheels we sell at \$25.00 and above.

Easy terms given on New and Second-hand Bicycles.

Bicycle Repair Shop

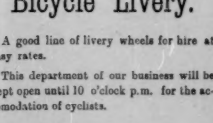

Our Bicycle Expert, Mr. C. E. Morris, with our thoroughly equipped repair shop, is prepared to turn out first-class work with dispatch.

Bicycle Livery.

A good line of livery wheels for hire at easy rates.

This department of our business will be kept open until 10 o'clock p.m. for the accommodation of cyclists.

BICYCLE SUNDRIES

We carry in stock all kinds of Bicycle accessories, comprising Tires, Rims, Hubs, Frames, Wheels, Spokes, Handles, Cranks, Tires, Peddles, Luggage Carriers, Saddles in six styles, Grips, Buffers, Lacing Cord, Bells, Lamp, Whistles, Brackets, Pumps, Oils, Cement, and numerous articles used on Bicycles.

Call and examine our stock.

POTTER & MACDOUGALL.

1000 Chairs just arrived and marked at 45c, 50c and 60c. Better at 70c, 80c and 90c.

J. T. BLOWEY, EDMONTON AND STRATHCONA.

Express Money Orders for Sale.

New Theory Old Cure...

LaGrippe a Blood Disease

Kill the microbe while in the blood and cleanse the blood from all impurities by using

Graydon's Sarsaparilla.

100 doses for \$1.00.

GEO. H. GRAYDON, P. O. Drug Store, Edmonton.

Express Money Orders for Sale.

Money to Lend.

A large amount of private funds to lend on first mortgage on land. Apply to SHORT & CROSS, Advocates, Edmonton.

Clothing Hats & Caps

In this department we show the largest and best assorted stock in the north. Our range of Tweeds this season surpasses anything we have heretofore shown. Our Suits are made up in the latest cut and of the most fashionable materials. We show a fine line of office and business suits at \$15. No more need of going to the tailor when you can get a suit to fit you at this price. Try us for once.

Our spring stock has arrived, comprising the newest styles in all the leading shapes and colors. The stock is all fresh and new, so you can rely on getting the very latest thing in the market. We have no old lines to clear off at half cost. Our prices are as low for new goods as some people charge for old. Come and see our stock if you want something up-to-date.

Our furnishing day is complete in all particulars, and is the leading one in the north.

W. T. HENRY & Co

MEN'S FURNISHINGS, BOOTS & SHOES.

Selling Out!

Cristall & Diamond

Big to announce that owing to approaching dissolution of partnership, they are offering for sale their new and well assorted stock of

GENTLEMEN'S FURNISHINGS

Consisting of Ready-made Clothing, Waterproof Coats, Shirts, Collars and Ties, Hosiery and Underwear, Hats and Caps, Boots and Shoes, and an assortment of Fur Goods, at prices to clear out the entire stock within the required time.

As this business has only been running about ten months, we have no old goods or dead stock to offer, but a new, clean and well assorted stock of the above lines.

Yield per acre,		
North,	22.30	10.01
Central,	22.39	13.30
West,	44.76	35.27

The total area under crop of wheat, oats and barley as reported by threshers was 605,347 acres in the year 1900, and from this was harvested 3,607,662 bushels of grain. This shows 92,610 more acres of land under cultivation than during the preceding year, but the yield falls short by 2,311,418 bushels. This is accounted for by the extremely dry spring and early summer and by bad harvesting weather. Early snow storms in the west caused heavy losses by lodging the grain and thus materially reduced the yield.

TOWN COUNCIL.

The council met on Wednesday, all councillors being present, the mayor in the chair.

The first communication taken up was one from the Citizens' Club, Toronto, stating that at a recent meeting a resolution was unanimously adopted recommending the erection of a proper monument to commemorate the sending of the Canadian contingents to South Africa. Coupled with this resolution were the following suggestions: That the monument should not only be in commemoration of the men who have fallen and of those who have bravely risked their lives in the cause of the empire, but should be made expressive of the most significant and gratifying feature of the war, namely, the evidence it afforded of the close and vital relations existing between the various component parts of the British Empire; That the monument should be a national one and erected in Ottawa as the capital; That the government be asked to provide a site for the monument within the grounds of the parliament buildings. That the cost should be met entirely by private subscription; That the leading sculptors of Canada be asked to submit designs. The club submitted the propositions for the council's criticism or approval. In the event of the responses being favorable it is the intention to submit the whole correspondence to the governor-general, asking him to take such steps as may be advisable to formulate a plan of action. The letter was referred to the mayor for reply.

The market clerk wrote that the approach to the scales required planking, and suggesting that it be planked in at each end. Request was granted.

C. Turgeon, who combines the duties of engineer and special civil constable, requested that he be supplied with a uniform. The request was favorably received and referred to fire, water and light committee, with power to act.

The town of Berlin, Ontario, is contemplating taking over the local electric light plant, and wrote the council asking for information on the subject of municipal ownership. They were advised that Edmonton did not yet own its electric light plant, and were asked if they would, after they had gone through the mill, let the Edmonton council have the benefit of their experiences.

A petition was read from residents of the flat, asking that a road be opened from Dowling's mill to the bridge, a distance of about 300 feet to be acquired. The petitioners offered to do the grading. Mr. Campbell, manager of the Dowling mill, was heard in support of the request, which was laid on the table until next meeting.

Medical health officer Dr. Braithwaite reported that there were now only two cases in the quarantine hospital and all were convalescent. There were no houses in town quarantined for varioloid or any disease of that nature. If the town continued to remain as free from the disease as at present he thought the quarantine hospital could be closed by or before the end of the month.

Re improvement of St. Albert trail, Coun. Brown reported that he with the district surveyor and engineer was going out to investigate.

Re the court house site, Mayor Mackenzie said: Your committee met Mr. Conklin on Thursday last, but he had not much to say; No definite action had been taken at that time and I do not know if any definite action has been taken yet. We found him disposed towards securing the block north of Jasper avenue, comprised between Jasper, McDougall, Rice and Howard streets. He could not say that this site would be acquired, but other things being equal he thought it would.

Coun. Morris: I met him and he said he had given some of the land owners on the block until six o'clock to decide if they were going to sell or not, and if they did not decide on a reasonable price he would recommend Block X. If Block X was selected he understood that Mr. Heineke had offered a 12 foot street through from Jasper Ave. from between Montgomery's and Parson's stores.

Coun. Brown: I was talking to him at noon and he told me Block X was the site.

Under the head of notices of motion Coun. Henry arose and stated that he would like to bring the attention of the council to the desirability of amending the fire by-law. At present, within the limits of fire limit C, extending from McDougall to First St. (imperial bank to McDougall's store) the erection of anything but solid brick buildings had been prohibited since the first of January last. He was in favor of the amendment of this clause of the fire by-law to read that from Howard street (Massey Harris corner) to First street the time in which buildings other than brick may be erected be extended one year. Within the limits of fire limit D, which extends from First street to Third street (McDougall's corner to H. B. Co. store) the erection of any buildings other than solid brick are prohibited after the first of January, 1902. This Coun. Henry wanted changed to read "after the 1st of January, 1904." In support of his request he contended that it was not advisable, in the interests of the town, to prevent the erection of cheap class of buildings, holding that a

brick building, if erected in the limits mentioned, could not be rented for an amount large enough to make the investment a profitable one.

The formal notice of motion having been given the alterations suggested will be further discussed at later meetings.

Three tenders for the construction of the five sidewalks on Fifth, Sixth, May, Jasper and Elizabeth streets were read from Jas. McDonald, D. McCall and R. J. Manson. The tender of D. McCall, 28c for the four foot walk; 35c for the six foot walk and 42 1-2c for the crossings, being the lowest was accepted.

Coun. Morris brought up the matter of the market site and thought that something ought to be done towards securing a permanent market. The matter was left with him.

The accounts passed were:

Pay sheet, street labor,	\$54.00
E. M. Hoover, draying,	1.50
Fraser & Co., lumber,	17.63
L. Jones, water,	31.00
E. Grierson, firewood,	3.75
Mrs. Calder, work,	2.00
Dr. F. Roy, services,	1,150.00
E. Grierson, firewood,	7.00
Potter & McDougall, robe,	5.00
W. Lockhart, undertaking,	9.00
Ross Bros., hardware,	16.55
J. A. Stovel, hardware,	.55
D. Steele,	10.50
McDougall & Secord,	25.32
J. Cryderman,	13.75
W. T. Henry,	1.00

The matter of the railway extension was discussed and the secretary treasurer was instructed to wire Frank Oliver, M. P., asking what progress had been made with the bill being applied for by Mackenzie & Mann before the railway committee.

The meeting then adjourned.

Tenders for a License to Cut Timber on Dominion Lands in the District of Alberta.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tenders for Timber Berth No. 969" to be opened on the 13th May, 1901, for a license to cut timber on Berth No. 969, situated on the West side of Wolf River, starting at a point on the West side of said river, about 15 miles above its mouth; thence up stream 2 miles in direct distance with a depth of 4 miles, measured at right angles (or thereabouts) to the general bearing of the West bank of said river within the Berth and containing an area of 8 square miles, more or less. The regulations under which a license will be issued, also printed form of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license. No tender by telegraph will be entertained.

PERLEY G. KEYES, Secretary.

Department of the Interior, Ottawa, 4th April, 1901.

Tenders for a License to Cut Timber on Dominion Lands in the District of Alberta.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tenders for Timber Berth No. 969" to be opened on the 13th May, 1901, for a license to cut timber on Berth No. 969, situated on the South side of the Saskatchewan River, starting at a point on said South side of river, about 8 miles above the mouth of Buck Lake Creek, thence up stream 3 miles in direct distance by one mile in depth measured at right angles to the general bearing of the South bank of said river within the Berth, containing an area of 3 square miles.

The regulations under which a license will be issued, also printed form of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license. No tender by telegraph will be entertained.

PERLEY G. KEYES, Secretary.

Department of the Interior, Ottawa, 1st April, 1901.

Tenders for a License to Cut Timber on Dominion Lands in the District of Alberta.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tenders for Timber Berth No. 970" to be opened on the 13th May, 1901, for a license to cut timber on Berth No. 970, situated on the East side of Buck Lake immediately South of "The Bar" and containing an area of one square mile, the length of the Berth not to exceed three times the breadth thereof.

The regulations under which a license will be issued, also printed form of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license. No tender by telegraph will be entertained.

PERLEY G. KEYES, Secretary.

Have you any Suggestions to Make?

If so, write to the Secretary,

A. G. HARRISON,

Edmonton, Al'berta.

READING ROOM SUBSCRIBERS MEET.

The adjourned meeting of the subscribers of the public reading room was held in the room on Tuesday evening. The attendance was large and the interest manifested evidenced the appreciation which the institution is receiving. The election of officers for the four months beginning May 15th resulted in the election of

A. Bridle, chairman.
A. T. Cushing, vice-chairman.
Geo. Goodall, secretary, re-elected.
T. Bellamy, treasurer, re-elected.

The other members of the executive are: Ramsay, Eldon, Turpin, Harrison, Goodwin, Richardson, Campbell and Williamson.

The following sub-committees were appointed:
Literature: Messrs. Bridle, Ramsay and Turpin.
Finance: Messrs. Bellamy, Eldon and Cushing.

Rooms: Messrs. Eldon, Bellamy and Richardson.

Considerable other business was passed and a committee appointed to arrange for an entertainment on May 24th.

THE RAILWAY CONTRACTS.

Commercial.
But slow progress is being made at Ottawa with the measures introduced there to ratify the Manitoba railway contracts. Opponents of the measures now hope that they will be crowded out this session, as the time for prorogation is drawing near and a lot of business remains yet to be disposed of. The latest and most important feature to crop up since the passage of the bill by the Manitoba legislature, is the action of the Ontario government in connection with these contracts. The *Rainy River* section of the Canadian Northern, which Manitoba proposed to guarantee to the extent of \$20,000 per mile, lies entirely within the province of Ontario. Ontario has already granted a large subsidy to this road, and, therefore, has an important interest in the property in addition to the fact that the road is in that province. The Ontario government naturally objects to the control of this road by Manitoba, and the interference of Ontario further complicates the already complicated situation. When the Manitoba government undertook to secure the control, or a measure of control over railways outside the province, it is evident that the members of the government did not fully comprehend the difficulties in the way. The legal difficulties seem to be increasing as the contracts are advanced.

STAR.

D. E. Maclean has erected a commodious single room dwelling.

Charlie Rife has much improved his house by putting on a single roof.

Sam Anderson is preparing for harvest having erected a large granary with single roof.

John Maclean's large house is now complete.

E. S. Harris has bought a steam threshing outfit with cyclone stacker to be operated at Star.

Seeding began last week.

Roads no worse here than other places.

Miss Yerx is again seriously ill.

We hear that Messrs. Leslie & Harvey have had ten calves die this winter.

MANITOBA GRAIN MARKET.

Country Wheat—The market is almost a nominal condition as there is little or no wheat being delivered by farmers.

Oats—Business has been quieter this week. There is still some demand for seed oats to supply which 10th Ontario and Northern Alberta oats are being used. The doubts which have been cast upon the germinating qualities of the oats have had the effect of turning attention to Ontario oats. There is a steady demand for feed oats. Holders manifest a little more anxiety to sell their stocks as the warm weather is approaching when there is danger of the oats becoming spoiled by heating. We quote: Ontario oats, No. 2 white, 40c per bushel; Alberta oats, 41c to 43c; Manitoba grades 39 to 40c in cars; on track here.

Barley—None offering.

A SPUR LINE.

As intimated in these columns last week, the C. P. R. authorities will have an engineer in MacLeod very shortly whose duty it will be to survey the ground over which the proposed spur line will be built between town and the present station, and who will report as to the probable cost of constructing the same. Until this has been done the town council will leave matters in the position they are now in, feeling that no action on the part of the town is required until the required information has been obtained. When all is in readiness for the council to move in the matter, we may rest assured that they will do so and that their movement will be a forward one—MacLeod Advance.

A Liverpool merchant has promised to pay a reward of £100 to the officer commanding the company which shall capture DeWet.

GAZETTE NOTICES.

To be notaries public: J. R. Boyle, of Strathcona; and F. M. Rogers, of Inverell.

R. C. Laurie is appointed district engineer and surveyor for Central Alberta.

The resignations are recorded, of Anton Anderson and Thomas S. Hildebrand, justices of the peace, of Wetaskiwin and St. Paul de Metis, respectively.

John Lineham, mill owner, of Okotoks, in the Northwest Territories; Isaac Stephen Genow VanWart, lumber merchant of Calgary; in the said Territories; and Allan Poyntz Patrick, surveyor, of Calgary; aforesaid; are incorporated, a body corporate and politic by the name of the Rocky Mountain Development Company, for the purpose of mining for gold, silver, lead, copper, iron, stone, petroleum, coal and lime; prospecting for all such minerals; acquiring mining claims and disposing of the minerals taken therefrom.

AS TO FAKERS AND THEIR VICTIMS.

The inherent susceptibility of human beings to be played for "stuffers" is one of their most pronounced peculiarities. Year in and year out, swindling schemes and wild cat fakes rise and flourish, year after year the crop of victims keeps pace with the demand, and the industrious promoters of the swindles get rich and corpulent or else—which is very rare—get what they deserve and serve a term behind the prison bars. All of which is suggested by the following paragraph from the Free Press:

"Mr. Meade, a Middlechurch farmer, picked up a Montreal newspaper in January last in which he noticed an advertisement of a so-called Toronto Publishing company, offering \$200 in prizes for solving a puzzle consisting of a journal. Mr. Meade, who is a puzzle solver, took this means of advertising and became entitled to a prize money of \$250.00. Mr. Meade sent the 50 cents, but when he received a reply from them yesterday, he received his letter containing the 50 cents from the Montreal office with a note to the effect that the letter was returned on account of fraudulent misrepresentations on the part of the advertiser, no such journal as the one named being in existence."

There are many kinds of fakes, in fact the series is everlasting, and for any one to claim himself secure or fake-proof would be egregious folly. There are fakes we don't know of, fakes till we bite, then there are other little kinds that we know are fakes, but bite anyway. People who bite on either of these are quite to be excused; the first is unpreventable, the second, like taxes is one of the necessary evils of life. But here is another kind, the one every day fake that does business right along and always finds victims among those who are ever anxious to get something for nothing, and wind up by getting nothing for something. Of this class of swindlers the above is a sample. Many papers are full of them, word puzzles and enigmas of every kind, and the people who bite have only themselves to blame.

IS BOTHA SAVING FOR PEACE.

Cape Town, April 10.—General Botha has re-opened negotiations with the British for peace. As explained here, this action was determined in part by Gen. Botha's discovery at a recent meeting that Gen. DeWet's intellect had weakened, and that his influence with his followers was diminishing and that a continuance of the campaign, so far as Gen. DeWet's irresponsibility, rested with Gen. Botha alone. It is understood here that although Gen. DeWet, at his recent interview with Gen. Botha refused to surrender, Gen. Botha regarding him as irresponsible, undertakes to negotiate in behalf of the free Boer forces. The British authorities here consider that if Gen. Botha surrenders DeWet's following can be easily taken.

BRANDON CONSERVATIVES.

ENDORSE ROBIN.

At a recent meeting of Brandon conservatives the following resolution was carried:

"1. Whereas the government of this province has entered into arrangements with the Northern Pacific Railway company and the Canadian Northern Railway company, by which the absolute right to fix the rates for freight and passenger traffic within this province and to the lakes has been secured to the people of Manitoba under such very favorable terms.

"2. Whereas it has also been decided to assist in extending the lines of railway within the province to different districts very much in need of better transportation, thus causing the farmers to dispose of the fruits of the soil to better advantage.

"Be it, therefore, resolved that this association take this opportunity of placing on record its high appreciation of the efforts of the leader of the government, Hon. R. P. Roblin, and his colleagues, and this association expresses its approval of the measures passed, and hereby pledges itself to support to the best of its ability, all measures which may be deemed necessary to make the said acts effective."

AGUINALDO TURNS AMERICAN.

Secretary Root has made public the following cablegram received at the war department from Gen. McArthur:

"Since arrival at Manila, Aguinaldo has, at Ma'acana, been investigating conditions in archipelago. He has relied almost entirely upon the instructive advice of Chief Justice Arzobispo. As a result to-day he subscribed and swore to the declaration on page 11 of my annual report."

The oath referred to is as follows:

"I hereby announce all allegiance to any and all so-called revolutionary governments in the Philippine Islands and recognize and accept the supreme authority of the United States of America and I do solemnly swear that I will bear true faith and allegiance to that government; that I will at all times conduct myself as a faithful and law-abiding citizen of the said islands, and will not either directly or indirectly, hold correspondence with, or give intelligence to an enemy of the United States, nor will I harbor, or protect such enemy; that I impose upon myself these voluntary obligations without any mental reservations or purpose of evasion, so help me God."

Four asterisks in the cablegram mark a passage withheld from publication, about which the officials will say nothing now.

MAY BUILD IN CANADA.

The McCormick Co., manufacturers of agricultural implements and machinery, are thinking seriously of establishing branch works in Canada. They have openly stated that the duty they pay annually on the machines and implements sold by them throughout the Dominion, would be sufficient to capitalise a factory in this country. Woodstock has been in communication with the McCormick people with reference to their intentions, and the present position of affairs in connection therewith is very satisfactory. Windsor and Toronto are also making a strong effort in the same direction.—Toronto World.

CLOVER AS A SEED CROP.

The value of clover as a fertilizer or for hay is a magnificent reason for growing it. But aside from this, it has another value as a seed crop, which is of no inconsiderable amount in the income of the farm. The yield of clover seed may be placed at from two to six bushels per acre.

To secure a good crop from the common red clover, the first crop should be cut near the middle of June, although it may be cut earlier or later with success, if the season is favorable. Should there be bumble bees' nests in the field, let the boys not to disturb them, as the seed crop will depend largely on their work later on in fertilization. A bountiful seed crop is certainly abundant compensation for a few bee stings. The popular belief that the first crop does not produce seed is erroneous. There will be a small amount of seed because of the imperfect pollination from the lack of bees and other insects so early in the season. The second crop is cut for seed when all the heads have turned brown or black. Perhaps the old self-seeder reaper would be the best implement for this work, but as that is not the case, with the sickle and the cradle, the mower or binder should be used as much as possible. Nevertheless, there will be considerable loss of seed in this way.

Mammoth clover produces but one crop in a season, consequently cannot be grown for both hay and seed. When a seed crop is desired it should be mowed or pastured in May. Otherwise it will be difficult to handle, and serves no useful purpose. It is more certain of a good seed crop than the common red, because of the greater amount of seed, with the sickle and therefore the perfect pollination. Mammoth clover is less liable to injury from insects which prey upon the common red, and in localities where much injury is done from this cause, it is preferred.

Toronto conservatives are making arrangements for a big party rally in the Massey Hall, as soon as the present session of parliament is concluded. The affair will take the form of a reception to R. L. Borden, leader of the opposition, and all the prominent conservatives in Dominion and local politics are to be invited.

A rumor having gained credence in Prince Albert that Mackenzie and his men were in danger of giving the town the go-by with their railway, a public meeting was held and a telegram sent to Mr. Davis to enquire into the matter. Subsequently Mr. Davis telegraphed that there was no truth in the rumor, and that the line would be built to town. Nevertheless, there is much outside evidence to show that a new route has been decided on. Battleford Herald.

Suit was brought by E. B. Lemon in the county court Winnipeg to recover \$250 from the city for damages alleged to have been sustained by him through the action of Winnipeg civic employees in cutting the tops off certain trees growing on that portion of Roslyn road immediately fronting his house. The jury returned a verdict giving the plaintiff the sum of \$150 damages.

For Sale Or Rent.

S. E. quarter section 30, township 55, range 42, west of 4th. The above farm is good and high with 40 acres broken. All fenced. About 20 tons of hay can be cut. A good creek running through the side of farm. School at corner of section. Two school sections along side 10-20. Suitable for any person wishing pasture, \$1,300. Easy terms. Apply to Bulletin Advt. C. CARBUTHERS, or D. MALONEY, St. Albert.

HOSPITAL CONCERT.

The concert given by T. J. Scott, Scottish tenor and humorist, in aid of the Public Hospital, was held in Robertson Hall Tuesday evening. The audience was small, the hall was cold, and two of the advertised performers were not present to assist Mr. Scott explaining that both were out of town. In the face of these disadvantages Mr. Scott did all that was possible to interest and amuse the audience, being assisted by Const. Holt, who sang two solos and by Miss Richardson, who played the accompaniments to the several vocal numbers. The programme was:

Scottish stories by T. J. Scott, followed by the vocal number "The Highlander's Toast." Recalled he sang, "Lass of Mine."

"Midshipmate, Const. Holt."

"Can Ye Be A Soldier?" T. J. Scott.

Solo, Const. Holt.

Samplings of Scottish wit, and solo "Two Doves," T. J. Scott.

Two Scotch Readings by Mr. Scott, followed by "Boreas, Bonnie Banks of Loch Lomond."

Reading, "Bairnie Cuddle Doon."

Mr. Scott's rendition of the English ballad "Lass O' Mine," was delightful. The change from the robust baritone-like tenor of the lower passages to the higher notes, soft and sweet as the strokes of a bell, was impressively beautiful. In "Can Ye Be A Soldier," and "The Bonnie Banks of Loch Lomond," his sweet tenor was also heard at its best.

HOSPITAL DIRECTORS MEET.

The directors of the Public Hospital met in the office of the secretary on Wednesday evening, Messrs. A. Taylor, W. J. Walker, W. S. Edmondson, R. J. Manson, Rev. H. A. Gray, G. H. Graydon, H. Astley, T. Hourston, H. C. Taylor, and Jas. McDonald.

The committee on ways and means appointed at the preceding meeting recommended that a collector be secured to solicit contributions toward the hospital. The directors accepted the recommendation, leaving the engagement of the collector to the committee.

Messrs. Rev. H. A. Gray and W. J. Walker were appointed a committee to prepare an appeal on behalf of the hospital, the same to be forwarded by mail and through the press.

It was resolved to ask the several churches in town and the congregations throughout the country to devote the collection of a special Sunday during May to the hospital. The Anglican, Presbyterian and Methodist churches will observe Sunday, April 28th, as hospital Sunday and the Baptist congregation will devote a Sunday during the coming month to the same purpose. To facilitate the matter printed envelopes will be furnished to the various churches and distributed in the pews.

The directors resolved to increase the insurance on the hospital buildings to \$10,000.

J. Kennedy, of Poplar Lake, was appointed to fill the vacancy on the board of directors, this completing the number.

On motion it was resolved to procure plans and specifications for a kitchen for the hospital. The plans to be of a two-fold nature, one plan for a kitchen only and one for a kitchen with an upper story to be used as an isolation ward.

It is proposed to build a verandah around the front and south sides of the building. Toward this the nurses have donated a considerable sum and the ladies of the Women's Hospital Aid society will make a contribution. The directors have endorsed the plan and the verandah will be built during the summer.

THE RED DEER BRIDGE.

The new traffic bridge at Red Deer has gone down the river. On Friday about 6:30 p. m. a large sheet of ice struck the railroad bridge and shook it in good shape passing on to the traffic bridge it struck and carried the whole middle works with it. While the ice was crashing against the railroad bridge and passing on harmlessly, the traffic bridge was losing sheeting and parts of piers to an alarming extent, and to "house acquainted" with bridge work it was evident that it could not stand the pressure, not being properly built for a river that froze up in the winter time. Those who saw the final crash say the brand new structure doubled up like a toy and gave about as much resistance to the small ice floats as did the old ferry of the early days. The thousands of dollars thus gone to the bad are a poor reflection on the contractors, but a howling disgrace to the government inspector that passed the job. The trouble is it was a Territorial job, the river not being navigable, and the Dominion government therefore is not in a position to take the matter up directly, but will undoubtedly come to the aid of a "long suffering people" if our representative, Mr. Oliver, can manage to enlist their sympathies.—Innisfail Free Press.

TR RABBIT JUDGES SALARIES.

The collector-general will move a resolution in the house increasing the salary of the chief justice of the Northwest Territories to \$1,000, namely from \$4,000 to \$5,000 a year, and raising the salaries of the four puisne judges of the Territories to \$4,000 a year. Provision is also made for an additional judge in the Yukon at \$4,000; and the salaries of the seventeen puisne judges of the superior court of Quebec, who reside at Montreal or Quebec city, are raised to \$5,000 per annum, the salaries of the other judges of the circuit court of Montreal is to be \$3,000.

LOCAL.

—The river is open at the Fort and crossings are made by row boat.

—F. C. Whiteley, trooper of Strathcona Horse, is expected in on to-night's train.

—Vogel & Tomlinson have moved their butcher shop to the east side of their lot and are erecting a refrigerator.

—The ice in the river has been moving intermittently since Monday. The river is now comparatively free, though ice is still running.

—Rev. C. S. Laidman went to Lacombe on Tuesday to attend the meeting of the Edmonton district representatives of the Methodist church.

—A meeting for the re-organization of the baseball association will be held through corresponding next, with headquarters at rink on Wednesday evening next at 8 o'clock. All lovers of the sport attend.

—Mrs. G. M. Manuels and children arrived last night from Winnipeg to reside in the Adams house formerly occupied by J. Cowie.

—Chas. Kennedy, who has been in charge of the police at the Fort for some time as a lunatic, was brought up from the Fort yesterday to be taken to Brandon asylum.

—The Dowling Milling Co. have been awarded the contract for the supply of this year's flour to the Saddle Lake, Edmonton, Hobbema, Stony, Sarcee North, South Blackfoot and Poisson reserves.

—The annual general meeting of the Edmonton cricket club will be held on Thursday evening next, with last, in W. S. Edmondson's office, Imperial Bank block, at 8 p. m., at which it is hoped there will be a good attendance of members and friends.

—The representatives of the Edmonton Methodist church have been in session in Lacombe during the week. Rev. T. C. Buchanan went to Lacombe on Tuesday to preside at the meeting.

—The secretary of the S. A. Voluntary Association has ascertained with the militia department that a sustentation allowance, consisting of \$13.25 will be allowed every man of the C. M. R., on application. The allowance is made to cover expenses on the trip home from Halifax west.

—Mrs. Christina Horne, a lunatic, was brought up from Lacombe on Wednesday in charge of the police. The unfortunate woman is starving herself to death and for many days has taken no nourishment. She is in charge of the police at the barracks here and under the direct care of a matron. As soon as instructions are received from Regina she will be taken to Brandon.

—At a meeting held in the curling rink Wednesday night the lacrosse club was re-organized. There was a very large attendance of players, some thirty being present. C. W. Satter was elected patron; J. H. Morris, president; R. G. Hardisty, vice-president; and Chas. Jardine, secretary-treasurer. Arrangements will be made for a game on the 24th of May. The first practice takes place Monday night on the old race track, at which a large turn out is expected.

—The old train man, mentioned in Monday's issue as having been run over Saturday at Innisfail, was named Eugene Phillips. A Calgary item says Eugene Phillips was brought in to the hospital here Saturday with his right arm torn off. Details of the accident are not obtainable, but it seems he was doing something on the top of a railroad car about four miles this side of Innisfail and in some manner slipped and thus was injured. He had been for some time in the service of the Canadian Pacific as a brakeman, but was leaving this work to take up farming upon a farm which he had bought at Innisfail. He is doing well.

—The entertainment in Robertson Hall to-night comes highly recommended and is held under the auspices of the fire brigade band. The band will give a street parade and play in front of the opera house before the performance also between acts and while the massed bands of the Royal Guards, Royal Engineers, Royal Marine Light Infantry, and the Royal Artillery are passing in the Queen's funeral procession, will also play a suitable march. The entertainment consists of a re-production of the Queen's funeral procession, scenes in connection with the war in South Africa, the astronomers dream on a trip to the moon and many other interesting scenes. Of the re-production of the Queen's funeral the Nelson Miner says: "Seated in the audience one saw the various units of the great parade pass by for fifty-five minutes, nobility, high nobility, regiment after regiment, horse, foot and artillery until the magnificence of the actual spectacle was borne in never to be forgotten." The Queen's funeral procession, South Africa, and a trip to the moon will be given as a matinee Saturday afternoon for the school children.

—C. Gallagher returned from Calgary on Monday.

—Wm. and John Gust arrived from Fred last week. They are nephews of Wm. Gust, of St. Albert.

—Captain Hanbury, of England, will make a dash for the north pole from Edmonton—Calgary Herald.

—D. E. Adams leaves for the Landing today, whence he leaves for Great Slave Lake in a couple of weeks, with W. Patton.

—Mrs. Patterson and Harrison returned from Wetaskiwin last night where they had been investigating sickness in some of the settlements.

—At a meeting held Tuesday night the football, baseball and lacrosse teams of Strathcona were re-organized as an athletic association under one management.

—Consts. Holt and Wright leave in the morning for Brandon with the lunatic Kennedy, who is being taken to the asylum. Const. Wright is being transferred to Regina.

—Severe cases of varioloid are reported from the Indian reserve at Frog Lake, Saskatchewan. Dr. Patterson, now here investigating the epidemic, goes to Frog Lake, to investigate there, leaving at once.

—A company to be called the Saskatchewan exploration company, is seeking incorporation, with the object of exploring, mining and developing the country bordering on the Saskatchewan, with head office at Edmonton, says the Battleford Herald.

SUPREME COURT.

Court closed this afternoon, the docket being concluded. Mr. Justice Scott goes south in the morning.

The cases disposed of since Monday were:

Hamburg vs. Lehman, action for wages. Judgment for plaintiff for \$165 and costs.

Deering Implement Co. vs. Dahl, action to recover value of three line notes given by Dahl for machinery purchased from the Deering Co. through their agent at Leduc. Defendant contended that by an arrangement with the Leduc agent, payment was to be made in hay. Plaintiff denied any arrangement and joined issue. Judgment reserved. C. W. Cross for plaintiffs; N. D. Mills for defendant.

N. D. Peck vs. J. E. Langlais, action for breach of agreement whereby defendant had agreed to sell to plaintiff nine scrip at \$100 a piece. Judgment for plaintiff for \$905 and costs. Wm. Short for Plaintiff; J. C. F. Bova for defendant.

Goodridge vs. Coughlan, action for board bill. Judgment for plaintiff for \$25 and costs.

PURE BREED CATTLE SALES.

Speaking of the Sales of pure bred stock at Calgary recently the Herald says there were 45 bulls sold. The price obtained for them aggregated \$4,165, being an average price of \$92.53. Nineteen cows were sold for an aggregate of \$1,421, being an average price of \$74. The highest priced bull was bought by W. R. Hall who paid \$250 for Rufus a fine red and white shorthorn, with 18 months to his credit, bred by P. Talbot and son, Lacombe, which was the first prize of \$25 offered by the Dominion government for the highest seller. The best price obtained for a cow was paid by H. Skrine, of High River, who gave \$95 for Dignity, No. 37575, a fine three year old bred by the Canadian Land and Ranch company, of Crane Lake. The sales were in every way a success and mark a new era in the raising of pure bred cattle in Alberta.

Dawson sports are arranging a big carnival to take place in that city commencing July 1 and lasting for a week. It will be a horse race, a shooting and if it can be arranged, a bout between Sharkey and Slavin. Charles Meadows is coming out to arrange the attractions. The prizes offered will be large enough to take men from the outside to the Klondike.

Oats—Manitoba, 38c. to 41c.

WAR SUMMARY.

Kitchener reports Col. Hawkinson's column rushed the Boer laager north-west of Klerksdorp at daylight on the 15th. Boers lost six killed, two wounded. Col. Plumer took a field cornet with seven men, ten wagons and eighteen rifles. The London Daily Mail's correspondent at Pretoria states that within the next few weeks Lord Kitchener will renew his sweeping movements. He has an army of 25,000 efficient troops, including 60,000 mounted men and 40,000 horses. "The army is in good spirits and Lord Kitchener is satisfied with the progress of events." Newspapers still continue to lose sleep in worrying over DeWet's "insanity." DeWet in the meantime still continues business.

THE STORMY SOUTH.

A telegram received from Denver, Colorado, states that a most disastrous blizzard passed over Nebraska and Colorado recently, and as a result thousands of dead cattle, sheep and horses strewn the plains in all directions. Into hundreds of small ravines and creeks the animals were crowded for shelter and were covered with the drifting snow, while other countless numbers drifted with the storm and died from exhaustion in their endeavor to reach shelter. Incoming passengers over the Burlington and Union Pacific railways report that the bodies are scattered over the plains in every direction.—MacLeod Advance.

DRILLS

—THE—

Celebrated Dowagiac Drill

That has so often been asked for by the farmers, is now to be had in Edmonton, and we have sole control of it. This drill has more good qualities than any other drill made. We will quote a few of the many good points:

- I.—The Shoes all deposit in the ground at an equal depth.
- II.—The Shoes are tapered so that they will not drag stubble.
- III.—Have adjustable driving gear.
- IV.—The small Drills are furnished with two poles and four horse whiffletree the same as the larger ones.

HARROWS

All kinds at a rate with which no one else can compete. Our Prices are lower and goods superior to any in Town. Call on us. Do not be deceived. Examine our goods in comparison with our opposition. We are now ready to meet all comers in quality and price.
